

Perturbation operation and evaluation point are separate choices

a

Original sample

b

LOO: delete and evaluate same occurrence

query = deleted occurrence

c

Replace-one: arbitrary replacement, arbitrary query

query chosen independently

d

Operation

delete-one

insert-one

replace-one = delete + insert

e

Evaluation point

f

What LOO cannot certify

zero LOO

does not imply

zero replace-one

LOO

worst-case query
